

IT Profiling of London Hospitals

This report was generated on 01/06/22. Overall 18 respondents completed this questionnaire. The report has been filtered to show the responses for 'All Respondents'. A total of 18 cases fall into this category.

The following charts are restricted to the top 12 codes. Lists are restricted to the most recent 100 rows.

Name of Hospital

Trust name

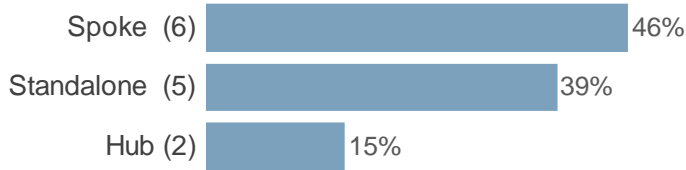

Pulse code

NTY62	P490	P145	P633	151
P627	P605	P156	P609	157
P604	P631	P285	P603	P280
P611	0272			

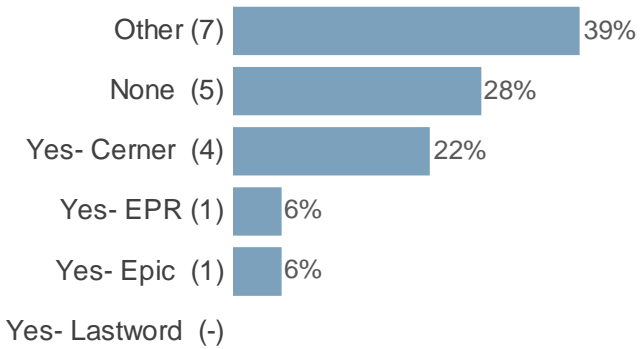

Please indicate the pathology network if you are part of one (enter NA if none)

NA	SWLP	NWLP
NA	Viapath Synlab	n/a
NA	South West London Pathology	South West London Pathology
Spire	NA	South West London Pathology
North West London Pathology	NONE	Health Services Laboratories
NA	NA	

Spoke/Hub

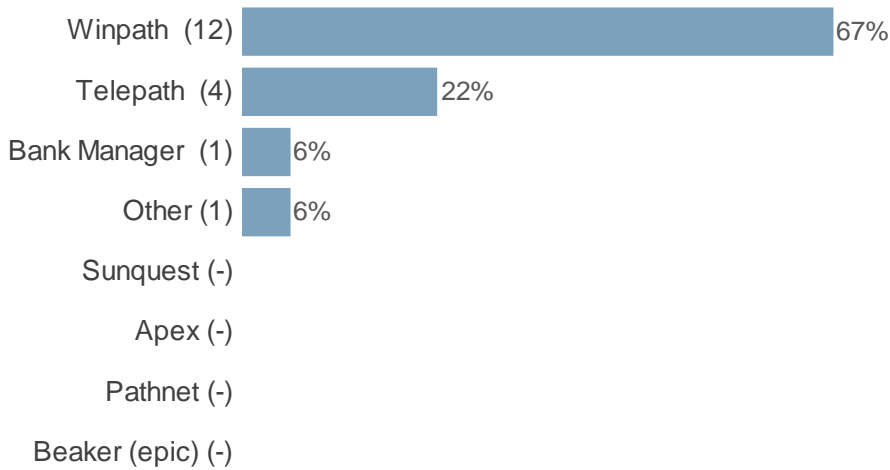

Please indicate your current electronic patient record system (EPR)

Other - please indicate

SAP	ICM clinical manager
Careflow	ICM clinical manager
MEDITECH	Careflow
EPR and ICCA	

Please indicate your main Laboratory Information Management System (LIMS) and version for the Transfusion Laboratory only

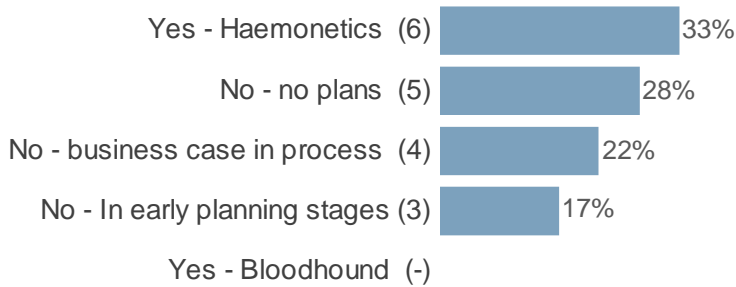

Other - please indicate

MEDITECH

What version (LIMS) are you using?

5.3.2	7.21.384	7.24	1	AIX version 7
5.32	v2.0	7.24	Don't know	AIX version 7
5.32	3.2	Winpath 5	5.34	Version 5.32
5.32				

Do you have vein to vein blood tracking?

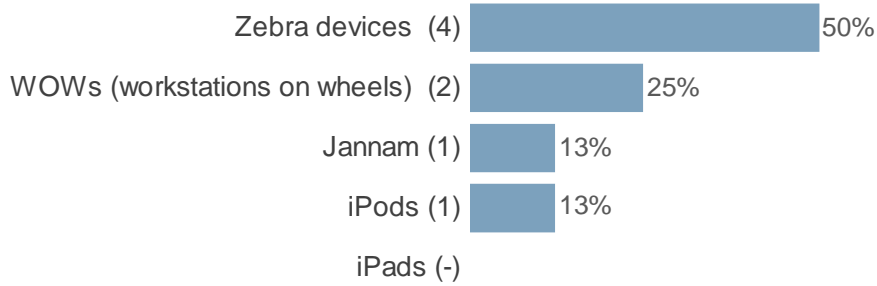

Other - please indicate

Blood Track in place but not vein to vein yet

Completing rollout on one site due to move on second site shortly

Completing roll out on one site, other due shortly

Any vein to vein hardware?

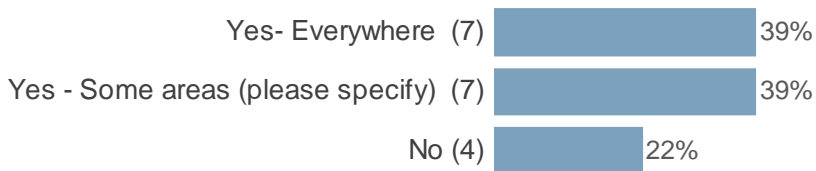

Other - please indicate

nil

Androids

N/a

Do you use "blood track"?

Indicate areas

Fridges only

Fridges only

Fridges only

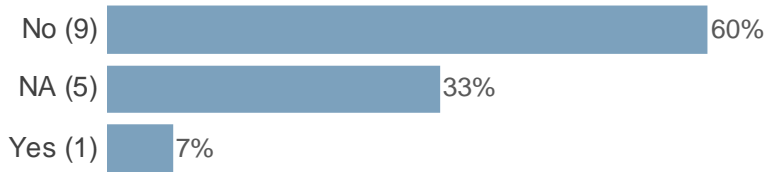

Lab, collection

AICU, PICU, theatre, cathlabs

Do any of your IT systems integrate with one another? (Blood tracking to LIMS)

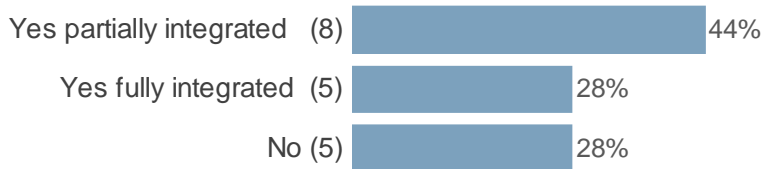

Do any of your IT systems integrate with one another? (Blood tracking to EPR)

Do any of your IT systems integrate with one another? (LIMS to EPR and vice versa)

Order-comms

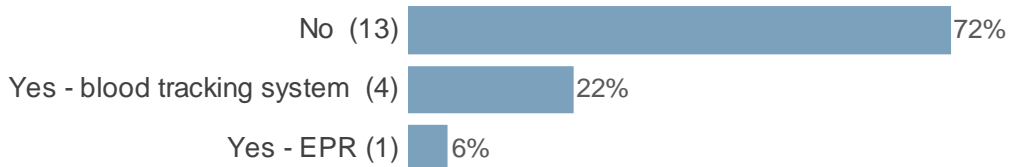

Group and screen requirement

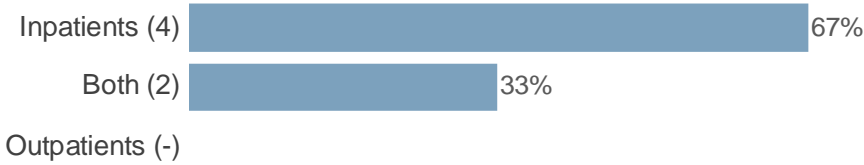

Other?

PDA labelled samples mandatory

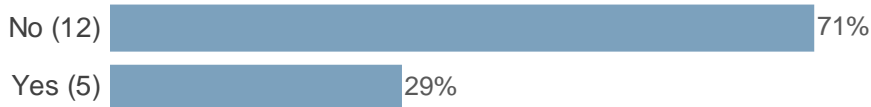

Do you use an electronic blood tracking system for samples?

Do you use electronic labelling of transfusion samples for....

Is it policy that all patients having "Group and Save" samples wear an identification wristband?

Is the device used for blood transfusion sampling also used for other pathology samples?

Please provide the following information for 2019 (2019 total number of WBITs)

Count	Sum	Mean	Sample Standard Deviation	Minimum	Maximum	Range
16	76	4.75	4.25	0	15	15

Please provide the following information for 2019 (If electronic labelling used, please specify number of WBITs with this method)

Count	Sum	Mean	Sample Standard Deviation	Minimum	Maximum	Range
9	13	1.44	2.35	0	6	6

Please provide the following information for 2019 (Total number of blood transfusion samples)

Count	Sum	Mean	Sample Standard Deviation	Minimum	Maximum	Range
14	423841	30274.36	27952.97	5	102279	102274

Please provide the following information for 2020 (2020 total number of WBITs)

Count	Sum	Mean	Sample Standard Deviation	Minimum	Maximum	Range
18	75	4.17	4.77	0	16	16

Please provide the following information for 2020 (If electronic labelling used, please specify number of WBITs with this method)

Count	Sum	Sample Standard		Minimum	Maximum	Range
		Mean	Deviation			
10	5	0.5	1.27	0	4	4

Please provide the following information for 2020 (Total number of blood transfusion samples)

Count	Sum	Sample Standard		Minimum	Maximum	Range
		Mean	Deviation			
15	401617	26774.47	21249.45	0	72892	72892

Please provide the following information for 2021 (2021 total number of WBITs)

Count	Sum	Sample Standard		Minimum	Maximum	Range
		Mean	Deviation			
18	91	5.06	4.78	0	14	14

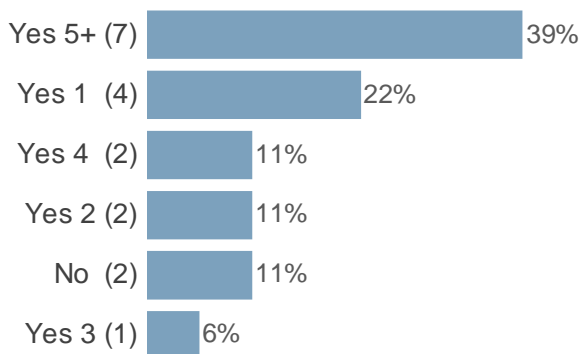

Please provide the following information for 2021 (If electronic labelling used, please specify number of WBITs with this method)

Count	Sum	Sample Standard		Minimum	Maximum	Range
		Mean	Deviation			
10	10	1	1.76	0	5	5

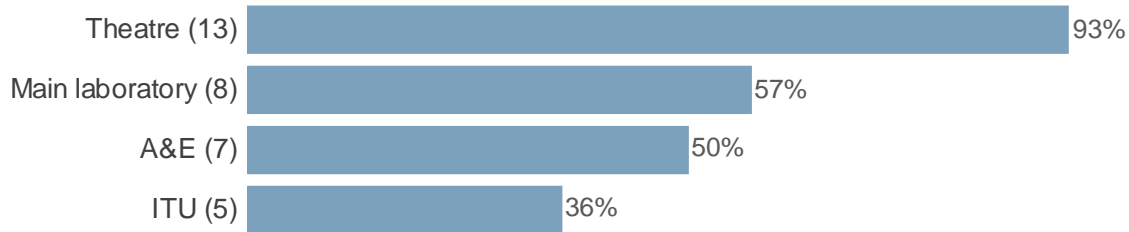

Please provide the following information for 2021 (Total number of blood transfusion samples)

Count	Sum	Sample Standard		Minimum	Maximum	Range
		Mean	Deviation			
15	408616	27241.07	21800.52	2	77855	77853

Do you have satellite fridges

Where are these located?

Another location?

Maternity

Obsterics,

maternity and in a main concourse area adjacent to the oncology ward

Haem day unit, acute and elective surgery

Maternity and NICU

2 in Theatres (2 different theatre areas) and 1 in CICU

Maternity

maternity & burns

AICU regular and emergency, PICU regular and emergency, theatre, issue fridge in the lab

Post anaesthetic care unit of orthopaedic unit

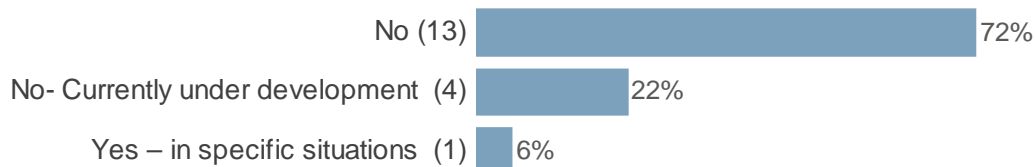

Post anaesthetic care unit in orthopaedic unti

Labour Ward

Do you have electronic issue

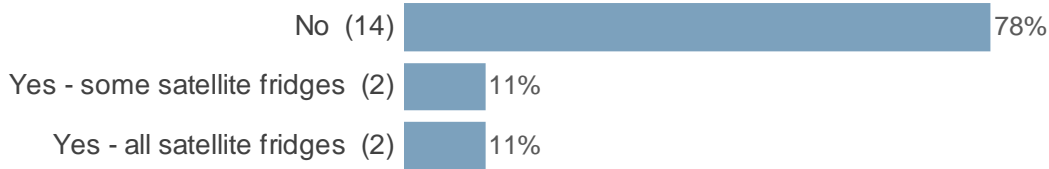

Do you have remote issue?

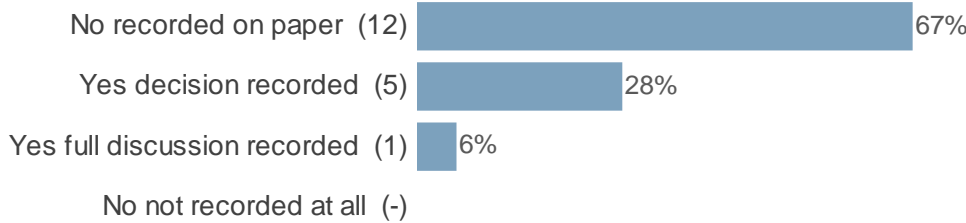

Who is your compatibility label manufacturer?

Tracesafe	tracesafe	Brenmoorha
Tracesafe	CDP	ICOM
Ideagen	Haemonetics	DMG
Midco	Midco	

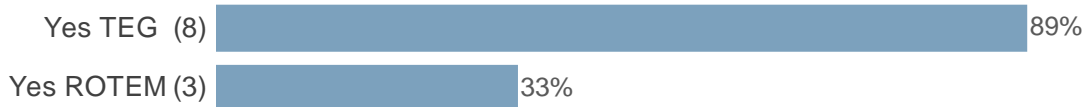

Do you have Hemobanks/ vending machine style fridges?

Is Consent recorded electronically?

Does your hospital use TEG/RoTEM (select all that apply)?

Does this interface with your (select all that apply)?

Is there anything that the TP group can do to support any IT issues?

- Continue to provide contacts and updates of existing new systems

- Business case models. Glossary of terms

- Share experiences, failures & successes. Many of these multi-national companies are unhappy that we share information so readily but it's very important that we do

- Business case support for purchase of tracking sstem

- no, thanks

Do you have any IT related Top tips you would like to indicate/suggest?

MHRA views of IT for traceability

If you believe something is in the best interest of the patients keep pushing for it, even if you irritate people in

Dedicated IT support when implementing blood track

Dedicated IT support when implementing blood track

Would you be happy to share your experience with other members of the group?

If yes, please provide your contact details or indicate in the box below

Any other comments

Comments

Consent is verbally discussed by clinician who documents on the patient notes. Nurse checks this and fills in care plan and ticks to say if consent was given
