SW Transfusion Lab Managers Report 14.11.2022

- First face-to-face meeting since 2019, at Taunton
- Good to meet everyone in person!
- TLM meeting in morning followed by NHSBT UGM in afternoon
- Discussions on:
 - MHRA inspections / findings
 - UKAS inspections / findings
 - Non-HCPC registered staff (trainee BMS) job roles
 - How to alleviate pressure on labs due to training requirements
 - Continual retraining/competency assessment requirements
 - Major incident drills

I'm the
Lab Manager...

This IS my
smiley face.

SW TP Group Update

Stuart Lord

Lead Transfusion
Practitioner,

GHNHSFT

Chair – SW TP Group

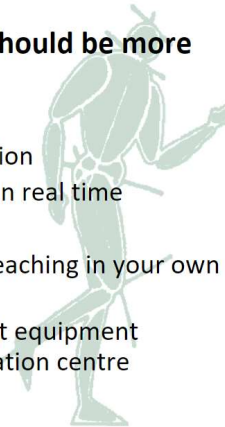

- Interim meeting held virtually 21st June
- Formal Business and Education meeting held 11th October - Face to Face at Oake Manor
- PBM and National TP group updates to group
- Education session – training/education and workshop on simulation as a tool
- TP working group set up for the formulation of a Major Haemorrhage Toolkit and Audit/Benchmarking questionnaire

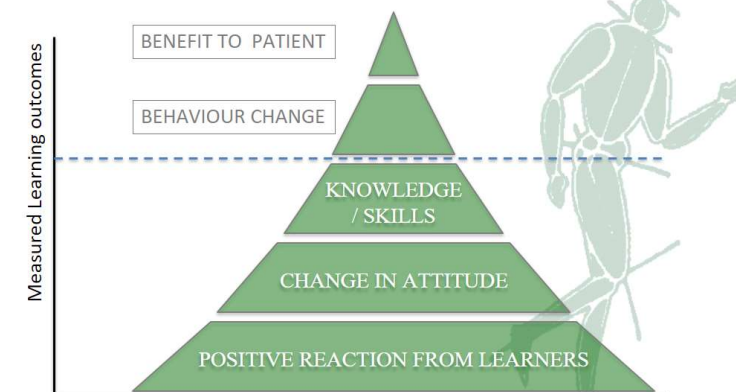

Course Objectives

By the end of the session you should be more familiar with...

1. How to design a simulation session
2. Practice at running simulations in real time
3. Techniques for debriefing
4. How to implement simulation teaching in your own professional environment
5. Experience of using the different equipment available in a high fidelity simulation centre

Goals

SW PBMG
Group Update
Elmarie Cairns
Blood Conservation
