

# BGS Transfusion to return to Nottingham

**BGS Transfusion committee are delighted to announce that there is a PRICE FREEZE on attending in 2026.**

All full packages are being held at 2024 prices

BGS Transfusion will again take place at the University of Nottingham's Jubilee Campus, from 13th to 15th April 2026.

All lectures, meals and accommodation will again be on site within easy walking distance.

The campus is easily accessible by road, rail and air. All facilities being used are within easy walking distance alongside the picturesque lake.

The whole campus is fully disabled compliant and adapted bedrooms are available.

The conference will follow its usual format with cutting edge lectures, workshops and case studies. We will be including some simultaneous sessions to cater for all levels of transfusion knowledge and interest. Being on campus you will be able to attend the commercial exhibition and on-site social events giving plenty of chance for that all important networking.

We will have some subsidised places for junior staff, students, multi-disciplinary staff and those returning to work.

For more information and to book scan the QR code to visit our website.

## 13th-15th April 2026
