Mark Liversage	ML	Transfusion Practitioner, Barnsley
Linda Lowrey	LL	Transfusion Practitioner, Harrogate
Jamie Maddox	JD	Consultant Haematologist, South Tees
Jill Parkinson	JP	Transfusion Practitioner, Bradford
Ric Procter	RP	Deputy chair, A&E Consultant and Chair of HTC, South Tees
Lianne Rounding	LR	Scientific Consultant, NHSBT
Karen Simblet	KS	QA Manager, NHSBT
Robert Stirk	RS	Transfusion Laboratory Manager, Rotherham
Mark Taplin	MT	Blood Transfusion Manager, Barnsley
Sue Wardle	SWa	Patient Representative
Tracey Watson	TW	Head of RCI Barnsley, NHSBT

1.	Welcome
	YS welcomed the group.
2.1	BGS Transfusion - Automated Anti-D titration Presented by Kara Manning
2.2	BGS Transfusion - Gender in Healthcare Presented by Tracy Booker
2.3	BGS Transfusion - Monoclonal Antibodies Presented by Faye Morrison
2.4	BGS Transfusion - The Inconvenience of Antibodies During Liver Transplant: A Case in Cambridge NHS Foundation Trust Presented by Charlotte Cosgrave
2.5	Review of National Guidelines / Research Papers RePHILL trial.pdf
3.	Apologies noted. Minutes of previous meeting, 09.03.2022 confirmed Action : Post onto JPAC website.

	Matters arising				
c/fwd	RTT setting up a working group to share information on safety alerts and best practice improvements by way of a Transfusion bulletin				
Closed	No update from Linda Lowry re exactly what "Learning from incidents, Systems based approached to incident investigations" would involve.				
c/fwd	LIMS. Consider a w	orking group to look at the issues	across the region.		
c/fwd	Two sample rule. Co	onsider a working group to look at p	processes within the region		
c/fwd	Share Sunderland a	udit on the frequency of reporting t	o SHOT, with the group		
c/fwd	Promote and source	e a trainee representative from the	Yorkshire region.		
Closed	Lack of protocols on gender Post meeting note: Julie Staves, Chair of National TLM group advised that we are awaiting higher level guidance from NHSE/DHSC re: sex and gender in blood transfusion				
4	Update from NBTC Comparative Audit	C / National Commissioning Grou	p report / National		
5.	 NBTC meeting 28th March 2022, key messages: Realignment of RTC's complete. We now have a structure of seven RTCS which was officially launched on the 1st April 2022. Funding for each of the RTC regions will be according to the number of hospitals / Trusts within the region. Good progress made towards many of the ambitious recommendations of transfusion 2024. Focusing on setting up communication to RTC's and HTC's, Considering setting up a Twitter account and a newsletter. Seeking to facilitate high level circulation of results of the NICE quality standards transfusion audit to senior trust management teams. It was suggested that RTC members may wish to view RTC chairs and NBTC minutes https://www.transfusionguidelines.org/uk-transfusion-committees/national-blood-transfusion-committee/business

Key points / common themes from reports:

- Staffing pressures, especially in laboratory and clinical staff which impact on errors, training, compliance and morale.
- Wrong blood in tube, the two-sample rule and the rule of seven days.
 RTT in the process of setting up a working group to take this forward.
- Transfusion bulletins. RTT in the process of setting up a working group.
- Local audits ongoing
 - **Action**: Share recommendations / learning points with the group.
- O D neg reservations with regards to orders and expiry.
- DW, Calderdale and Huddersfield updated on a night time audit 30 patients. 4 of the 30 requests were routine. contributing factors included delayed cannulation, staff unaware that blood was ready. 10 of the transfusions were commenced 4 hours plus following the component being made available. (1 greater than 24hours) In all cases the reason for transfusion was documented.27 patients had documented symptoms of anaemia/acute bleeding.

6. Budget

Expecting an underspend due to most activities continuing to be virtual.

Funding offered for IHN-SHOT and BBTS conferences.

7. NHSBT Updates

PBM

PMBP update .pdf

Customer Service

 New format for highlight reports prepared by BSMS. Hopefully the reports are useful, but they are still 'work in progress', please forward any feedback to bsms@nhsbt.nhs.uk

Quality

Nothing to report.

RCI

RCI.pdf

8. Education and Training

Update on 2022 events

eresis in Advancing

Role of apheresis in actue liver failure due

Non-Medical Authorisation

Transfusion Flyer.pdf

2022 meetings on 29th June, 29th September and 7th December.
 Maximum numbers increased to 30 as courses are all currently virtual.
 Speakers and facilitators in place for the sessions.
 Thanks to everyone who has volunteered to assist.
 Places still available for all dates.

National TP events

• No update, next meeting next week.

Scientific and Technical Training

SciClinTraining-Updat e May 2022.pdf

Future Education Events

Canvassing for topics, please forward any suggestions to JR.

Details of virtual education programme available via

https://www.transfusionguidelines.org/uk-transfusion-committees/regional-transfusion-committees/virtual-education-sessions

9. Audits / Standards / Studies

National Comparative Audits

Reports available for the following audits via:

https://hospital.blood.co.uk/audits/national-comparative-audit/national-comparative-audit-reports/

- 2021 National Comparative Audit of NICE Quality Standard QS138
- 2019 Re-audit of the Medical Use of Red Cells
- 2018 Audit of the use of Fresh Frozen Plasma, Cryoprecipitate, and Transfusions for Bleeding in Neonates and older Children

Upcoming:

May 2022 – Re-audit of acute upper gastrointestinal bleeding (AUGIB). Recruitment under way)

June 2022 - Audit of the management of anaemia in children undergoing elective surgery. Recruitment under way

Sept 2022 – Re-audit of blood sample collection & labelling

2022 - Survey of the use of FFP, Cryoprecipitate, PCC and Fibrinogen

Regional Surveys

Blood Use in Obstetrics survey

Delays with audit report due to input from obstetrician.
 SW working with RTT to finalise.

10. Reports from RTC groups

Transfusion Practitioners

- Group continue to get to know each other and are looking forward to their first face to face meeting on 21st September 2022 at The Catterick Racecourse, North Yorkshire,
- Working on a regional SharePoint page to assist with communication, initiate discussions and share documents / policies / local audits.

Centre Users Groups

Barnsley - Next meeting 29th June 2022.

Agenda and papers to be circulated this week.

Newcastle - Meeting held 25th May 2022. Key points:

- Session from local lab manager discussing the implementation of their business continuity plan and the feedback/changes they implemented as part of this process.
- Clinical update reviewing the RePHILL trial and the proposed SWIFT trial.
- Following updates from NHSBT we then had a round the table discussion about organ retrieval/perfusion as all labs have recently been approached about this (will be discussed at TLM meeting) followed by the local lab updates.
- Key issues from the business part of the meeting included:
 - Uncertainty of measurement no tolerance limitations in place
 - Staffing levels and skill mix. Sickness and shift cover are leading to an exhausted workforce and increase in the number of human errors made.
 - Significant number of trainees impacting on workload of other staff.
 - o Group likes the format of the new BSMS reports. Clear and easy to read.
 - CAS alerts MTP drills really good compliance. Labs using dungeons and dragons / desk top games and quizzes for training.
- Next meeting 28th October 2022. Venue, Newcastle Blood Centre.

NBTC Laboratory Managers Group

Meeting earlier today

Update on setting up of the National Haemoglobinopathy. Trusts will need a
designated BMS to register patients' antibodies onto the system.
 Group felt that an automated system would be better.

Previous meeting

- Feedback from the regions was mainly related to staffing issues.
- Discussion around the new O D positive toolkit, for adult males in trauma or major haemorrhage is now available https://hospital.blood.co.uk/patient-services/patient-blood-management/o-d-positive-toolkit-for-males-in-trauma-or-major-haemorrhage/ and use of O D positive in HEMS. The suggestion being that the guidance will advise that O D positive should be considered for all prehospital emergencies.
- Feedback from MHRA
 - Increase in storage related incidents, mostly due to lack of training of clinical staff
 - Concerns around hitting the 48-hour target for reporting.
 - Reminder that 'potential to harm' as well as 'actual harm' needs to be reported.
- Louise Sherliker is leading a project to drive the Transfusion 2024 agenda.
- In response to some recent incidents NHSBT are looking at the at developing an internal tracking system for samples.

Trauma Network update

No update

11. A.O.B.

Issue with MHRA re late confirmation on the SABRE site of an SAE.
 Guidance below, the MHRA advice re extending the period of investigation is highlighted in blue.

Advice re late submission of SAEs or

 Leeds report revisited in relation to the Blood Track Tx. Discussion around to topic of incidents relating to people scanning wristbands from other Trusts after patients have been transferred that have contributed to sample rejection. Haemonetics working on an update.

RA has previously discussed this issue with Julie Staves

Action: RA to contact Julie Staves to ask if there is a SOP for managing this issue that she is willing to share

ER requested update on MHP feedback at South Tees
 CE advised they have a generic monthly report based on patient activations, units used, units wasted, units returned.

12. Date of next meeting

2nd November 2022

RTC - Action list			
Item No	Action	By Whom	
c/fwd	Post minutes of previous meeting, 09.03.2022 onto JPAC website.	JR	
c/fwd	Consider a regional standardised alert in way of a Transfusion bulletin / newsletter. Include wastage and sample rejection statistics.	RTT	
c/fwd	LIMS. Consider a working group to look at the issues across the region.	RTT	
c/fwd	Two sample rule. Consider a working group to look at processes within the region	RTT	
c/fwd	Share Sunderland audit on the frequency of reporting to SHOT, with the group	AD	
c/fwd	Promote and source a trainee representative from the Yorkshire region.	RTT	
5	Local audits Share recommendations / learning points with the group.	All	
11	Scanning of wristbands from other Trusts after patients have been transferred contributing to sample rejection. Contact Julie Staves to ask if there is a SOP for managing this issue that she is willing to share	RA
